

# COMMON QUESTIONS & CONCERNS LEAGUE PARTNERSHIPS

## HOW DOES IT WORK?

Dugout Captain provides each coach in the league with the tools for coaching success. And, DC can take care of all set up responsibilities - unlimited subscriptions are available! Fill out the webform and you'll receive a follow up email with request for new member contact info. From there, we handle the rest and send each new member a personalized email with login and password credentials.

In addition, DC will create for you a graphic and webpage that you can share with league members. Anyone can join for free, and do so via YOUR webpage at Dugout Captain. Show league members that athlete development is a priority and that you are providing tools and resources to improve. Share the league's DC webpage, registration is free!

## **I'M CONCERNED ABOUT COST**

Don't be. It's FREE.

## **WE ALREADY OFFER A COACHING CLINIC**

Good! You should, don't change. Dugout Captain works with and supports any in-person coach's training. This isn't an 'either/or' thing... this is an 'and' thing. In fact, we highly encourage as much training you can muster. The beauty of DC is that we are available the other 364 days of the year that a clinic is not. And, each coach can find what they need... when they need it... online!

We love providing coaching clinics, and have worked with hundreds of youth baseball leagues since 2000. It is a great challenge to instruct coaches representing different age levels. And a large percentage of momentum is lost approximately 45 minutes after the coaches leave the field. Personally, I'm always blown away that 9 in 10 coaches will show up to a coaching clinic without so much as a pen to take notes. Simply put: Dugout Captain addresses all of those clinic issues. And did I mention that it's free?

## **CAN MY LEAGUE MEMBER FAMILIES GET DC MEMBERSHIPS TOO?**

Absolutely, DC is completely free - no hidden fees. Send the DC graphic out via email, share on social media, and post to your website. Anyone and everyone can click through to your webpage at Dugout Captain and sign up for free.

Keep in mind, your Dugout Captain experience is only as powerful as the coaches and families you share workout plans with anyway. Invite others to join for free, then look like a pro by sharing a workout or practice plan with them.

## **I DON'T HAVE TIME FOR ANOTHER 'THING'...**

Understood, life is busy - especially if you are serving on the board of your league. Not to worry, your responsibility with Dugout Captain is minimal. Submit the webform form, then respond to a couple emails (share your logo, then send a spreadsheet with coach's names and email addresses).

Beyond that, it's up to you to determine how involved you want to be in encouraging your coaches' use of the tools. You volunteer your time with the board because you care about the player-family experience. Dugout Captain cares as well. We help you! Remember that, WE HELP YOU with the primary objective for why the league exists: The positive growth and development of those kids!

**SERIOUSLY, WHAT'S THE CATCH?**

There is no catch. We've had some exciting partnership changes that allow us to offer Dugout Captain subscriptions for free. Take advantage now and join the movement to make baseball fun again!
